

And the apostles said to the Lord,
“Increase our faith.”

Luke 17:5

As a nation, we have invited the Lord's judgement.

As a nation, we have invited the Lord's judgement.

And the church is not immune to that
same judgment.

And the church is not immune to that
same judgment.

After all, we have remained silent while
innocent children suffer and die.

For the time has come for judgment to begin at the house of God; and if it begins with us first, what will be the end of those who do not obey the gospel of God?

Biden's Executive Order

Becoming a Faith Prepper

“This morning, President Biden signed an executive order promoting abortion. Every provision in the order seeks to ensure that as many abortions as possible occur in America, even after the overturn of Roe v. Wade. While he positions this as an effort toward "protecting the reproductive rights of women," this is nothing less than an attempt to proliferate murder of our most vulnerable children.”

Becoming a Faith Prepper

“The executive order promotes “emergency contraception,” which is the so-called “morning after pill,” as well as “medication abortions,” which present great risk to women.

Another provision promises added security for abortion clinics, but does nothing to protect crisis pregnancy centers currently being attacked across America by pro-abortion extremists.”

Becoming a Faith Prepper

“It is both tragic and infuriating to see at the highest level of our government such an obsession with continuing to destroy innocent children in the womb.

The President further stated that "ultimately, Congress is going to have to act to codify Roe into federal law," and encouraged pro-choice voters to go to the polls in November.”

Becoming a Faith Prepper

“For those who love our unborn children, we must continue to let our voices be heard, and most certainly this equates to voting in a manner that promotes the sanctity of human life— from conception to natural death.”

And from here, there is no return for a culture.
